Pepo Ø30 Glass top

MADE BY HAND

Pepo Ø30 Brass top

## PePo PENDANT

### Ø20cm

The inspiration for this unusual mouth-blown glass lamp is from the pumpkin; a very organic and appealing design. The PePo lamp has a traditional function, but the form embraces soft waves and movements that are not usually referenced in glass lamps. With its playful nod to the pumpkin silhouette, the repetitive pattern gives the PePo lamp its versatile appeal from all angles, while the "stem" adds a fun and iconic element.

#### Cleaning and care

For a day-to-day cleaning, use a damp, non-abrasive cloth to wipe the glass surfaces of the PePo lamp. Use a mild, neutral soap when necessary for cleaning. Avoid abrasive or acidic cleaning products as they may damage the glass's surface.

Steer clear of contact with common acidic liquids like vinegar, wine, coffee, etc, as these can potentially stain the glass surface permanently. In case of accidental spills, clean the affected with a soft cloth and mild, neutral soap to prevent staining.
